PROFESSIONAL ENTERTAINMENT

This year South's students were entertained at five professional assemblies.

An African missionary, Mr. Walter Kronemeyer, spoke at the first assembly October 5. Mr. Kronemeyer illustrated his talk with displays of African tools, animal skins, and other items of worth to the tribes. A short film showing the ways of life of the uncivilized peoples of Africa concluded the assembly.

Pepita Sorozena and her troupe entertained with Spanish dances and music at the Junior Red Cross assembly November 7.

Authentic costumes and guitar accompaniment high-lighted the series of folk and classic dances. Between selections Miss Sorozena briefly narrated the background and history of Spanish dance. Mr. Rodriguez also played two guitar solos.

This dance team has toured Europe and other lands.

On February 7th South's student body heard Mr. George (Specs) Toporcer, a former star of the St. Louis Cardinals. Mr. Toporcer, now blind, gave a challenging and enthusiastic address. His topic was "Don't Let Handicaps Get You Down."

One of the most popular professional assemblies was presented to us by Charles King. Besides singing Negro spirituals, Mr. King included group participation in his program. Students were promised a free lunch if they could successfully sing a syncopated version of "Rock a' My Soul in the Bosom of Abraham." Our efforts, however, proved to be lunchless. This was Mr. King's second visit to South.

CLUB NEWS

The fifteen members of this year's *Y-Teens* elected Barbara Lee as president and Barbara Slade as vice-president. The other officers were Sis Houlihan, secretary; Julie Oeming, treasurer; and Jody Golden, membership chairman.

The club's activities included a party for St. Vincent's Home and decorating candy cups for the Home for the Aged.

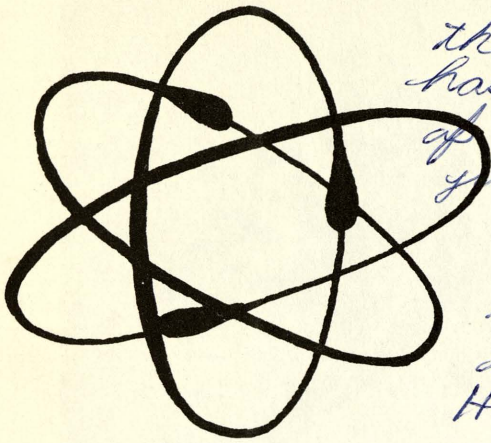
Meetings were held every other week on Mondays with Miss McCulloch and Mrs. Appold as sponsors.

Every other Thursday in the wood shop under Mr. Richard's directions, 14 members of the *Stamp Club* met. Mary Ann Reynolds was elected president and Susan Thornton was vice-president.

They bought, sold, and traded stamps. They also put a display of stamps in the office window. Next year they may add coin collecting to the club.

This year's *Camera Club* was sponsored by Mrs. Thurow. The club's 12 members learned about photography, developing, and a little about enlarging. They took pictures at a swim meet and a baseball game.

A display of gymnastics was presented by the Schmidts on April 5th. Tumbling, weightlifting and stunts on the trampoline were featured. Group participation was also included in this assembly and proved that you don't have to be nimble, double-jointed or have special talent in order to do well in this field.



Gloria —

I'm awfully glad we were in the same homeroom. Boy Ms. Evans has been a blast!!! When I think of all the fun — we had in Math I just about crack-up!!!!

Well Miss Sandoff is coming so I'll have to stop now.

Good Luck next year + have fun this summer!

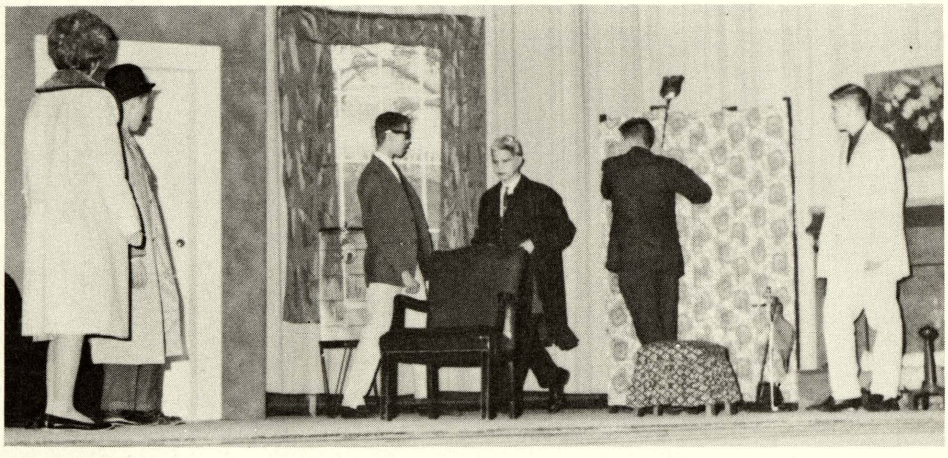
SCHOOL PLAY



UNCLE FRED FLITS BY

On December 8, South School's dramatists presented "Uncle Fred Flits By," a comedy by P. G. Wodehouse.

Uncle Fred, an eccentric, smooth-talking gentleman, secures much pleasure from dragging his teenage nephew through one bewildering scrape after another. These situtions, designed by Uncle Fred to test Pongo's reactions (and frustrations) proved to be amusing and enjoyable.

The play was directed by Mr. Albert Eynon. Music was provided by the Junior Band directed by Mr. Shumate.

Southern Spectacular, March 8 & 9

Music, music, music! That seemed to be the theme of the fifth annual Southern Spectacular, as M. C.'s Sue Cooper and Andris Merz opened the show by introducing the Senior Band led by Mr. Shumate. The band played for the audience's enjoyment an instrumental version of "Independentia" and "Rumba Sincopada."

Continuing the musical entertainment, Lois Wagar played a piano solo, "The Girl With The Flaxen Hair." This was followed by a boys' trampoline and tumbling exhibition coached by Mr. Steven Vass. As a part of the act the audience was treated to a show of muscle co-ordination by Mr. Vass and Bill Fisher.

The next act was titled "Oh Boom." It featured a modern dance performed by Debbie Dodge. An all-time favorite song, played by a good accordionist, followed, as Fay Mc Quade gave us a rendition of Connie Francis' hit "Where The Boys Are." Fay also played the Lichensteiner Polka later in the show.

An annual act, the Sky Riders, performed their precision feats on the high ladders. The evening performances were given by Jody Golden, Barb Brown and Patricia Jones. In the matinee Patty Kelly took Jody's place.

The seventh act was a vocal, "He's Got The Whole World In His Hands." Eighth grader Mike Hazzard was accompanied by Madeline Caughey.

Then came a surprise for the audience as a bespectacled and befuddled Charlie Weaver played by Bobbie Krawzack read a "Letter From Mama." A touch of Scotland was included in our program as Ellen Allardyce did an intricate Scottish Sword Dance. This was followed by a dramatic skit in which Holly Peters and Bob Heavenrich showed the pitfalls when you "Be Kind To Animals."

The first half of the Spectacular finished on a scary note when the lights went off and we were ushered into the haunted world of the unknown.

After intermission Randy Stockford called the figures for a lively square dance as the Southern Promenaders showed that South students enjoy any type of dance. Following this an eighth grade octet featuring Guna Spacs, Lois Wagar, Susan Hatton, Ruth Herm, Mary Lutskus, Mike Hazzard Wayne Boehm, and Bill Mitchell countiued on the music theme as they sang "Watermelon Weather."

A pantomime of a popular record, "Seven Little Girls," was acted out by Linda Mills, Lois Lingenfelter, and Andrea Girardot. Following this, twins Sandra and Michell Cappell dueted "Play A Simple Melody." A modern dance "Show Biz" by our own Broadway hoofers Jackie Ledtke and Ellen Petrizilka was next.

"I'm In The Mood For Love" sang by Trina Zahn, followed by a piano solo played by Barbara Bean. She played "Autumn Leaves." Then a comic pantomine by Barbara Slade and Barbara Kundinger left the audience laughing as the girls depicted Jose' Jeminiz's adventures as the "Lion Tamer."

Framed by a background of blue, the Madrigals sang "Moon River" and "A Cock-Eyed Optimist." They were followed by our own combo, the Turbulents, who played "Flintale Rock." The combo included Tim Grill, Gerald Anshuetz, Wade Nitz, Mike Zirkle and Jeff Kruger.

For the concluding act the Girls' Choir, led by Miss Gase, sang "Down In The Valley." Then in tribute to John Glenn, our first astronaut to orbit the earth, a trumpet salute was played and brief speeches were given by Chuck Engel and Ray Schmick. The Girls' Choir then ended the show by singing "Stars and Stripes Forever."

MUSIC ACTIVITIES---- 1962

Instrumental Programs

This year's instrumental music has been both entertaining and enjoyable. The music has been presented to us by the members of the Junior and Senior Bands and the Orchestra. All were directed by Mr. Shumate.

Those attending the February 23rd Music Assembly and the Spring Concert heard both of South's Bands and the Orchestra.

South's 60-piece Senior Band also played at the Veterans' Day Parade, the Spectacular, the 9A Banquet and Assembly, and the January meeting of the P.T.A.

Our Junior Band, composed of mostly eighth graders, played at the school play. South's Orchestra's 25 members played at the P.T.A. Open House, Music Assembly for the Elementary, and also played Christmas Songs in the halls. Three of the Orchestra's members, Elizabeth Bohnhoff, Janet Olney, and Herb Karpicke were chosen to play in the all-city orchestra this spring.

South's orchestra was chosen to play at Saginaw High School for the All-city String Concert April 29.

Members of South's Orchestra also competed for a scholarship at Interlochen.

Vocal Entertainment

The vocal choirs have practiced hard each day to present an enjoyable program of songs. Under the direction of Miss Gase the choirs have entertained many places. During Christmas, the mixed choir and the girls' choir sang in the halls to entertain students and sang carols over the radio on WSAM.

The girls' choir entertained for the Spectacular by singing "Down in the Valley" and "Stars and Stripes Forever." They also sang with the mixed choir for an assembly.

Spring was a very busy time for South's Vocal groups. At the Vocal Spring Concert held on May 4, six groups from South participated. These were the girls' choir, mixed choir, Madrigals, eighth grade Octet, seventh grade boys' glee club, and seventh grade girls' glee club.

The groups were accompanied by Barbara Bean, Guna Spacs, and Lois Wager. The Mistress of Ceremonies was Jody Golden.

Another busy group this year has been the South School Madrigals who are pictured here. The popular group sang for the Red Cross Assembly, Southern Spectular, a P.T.A. meeting, Spring Concert, 9A Assembly and the 9A Banquet.

Left to right the girls are, Sally Shear, Cheri Roggman, Kathy Meyer, Kathy Frey, Gretchen Gustafson, Julie Oeming, Norma Metzger, Jody Golden, Marilyn Millet, Marlene Melcher, Ruth Wappenhensch, and Mary Etta Bacon. At the end of the first semester, Mary Burnett took Mary Etta's place. Barbara Bean is at the piano.

SWIMMERS, 1962

South's swimming team, although it didn't win city championship, represented South well this year. The Seniors had a 3 win 1 loss record for the season, and the Juniors finished 1—3.

South's Juniors on March 6 lost to Webber by a score of 30-31. But South's Seniors came through with a 54-44 win. The Juniors again lost on March 13 with 36 points to North's 43 points. The Seniors also lost their only dual meet to North with a score of 45-42. The Seniors came through with a 61-18 decision against Arthur Eddy on March 22 although the Juniors got the wrong side of a 40-38 decision. At Central on April 3 South took both decisions with a 52-15 score in the Juniors and a 64-3 in the Seniors.

Despite exceptional efforts by Eric Hanson, Ed Kennedy, and Randy Albro, South's Junior team missed the championship by a narrow margin in the city meet on April 8-9. John Denton's, John Schirmer's, and Brad Wolfe's swimming egged the Seniors to an almost championship.

There were two records broken in the city meet by South's swimmers. Eric Hanson broke the 50-yard freestyle with a time of 27.0 seconds flat, while John Denton set the record of 34.8 in the 50-yard breaststroke.

BASEBALL

With the first half of the season over, it looked as if South would take championship this year.

The first game of the year was played at Central. The game ended with South on top, 14-3. Denny Herzog hit his first home run. Kris Martin's three hits including a triple, and two by John Zissler helped South to an easy victory. Bill Zinck was the winning pitcher.

After a hard fight against North in the first few innings, South pulled through with a 15-10 victory April 16. Zissler hit a home run and Herzog had three hits, but all hitting was topped by Bruce Smith's grand-slam home run. Roger Hayman was the winning pitcher.

South beat Arthur Eddy on Eddy's own field 16-3. Bill Zinck's pitching, Den Herzog's five hits, and Kris Martin's three assured victory for South.

South seemed plaged by injuries at first. Kris Martin was put out of the sport with a broken ankle, and Jim Hodges suffered a sprained ankle.

Monday, April 30 Webber was defeated 6-3. Jeff Kruger hit two home runs and Tom Russell one.

On May 4 Central defeated South 7-3.

As we went to press North was defeated 6-1.

CITY TRACK MEET

Yells and cheers were the sounds to be heard at the city track meet at Arthur Hill on May 22. There were high jumping, broad jumping, and running events in which South's athletes competed against four other junior high schools in Saginaw.

Our track team was chosen a week before the city meet at a school track meet.

GIRLS' SWIMMING

Tuesdays from 3:30 to 4:45 and Thursdays from 4:45 to 6:00 over one hundred fifty girls enjoyed free swimming at the Arthur Hill pool. The girls were divided into four groups of beginners and advanced. The sponsors were Miss Vassaw, Mrs. Boice, Mrs. Appold, and Miss McCulloch. Student assistants were Cheri Roggman and Chris Dankert.

Sis Snooper

Looking forward to summer, Southerners shout
June is here and school is out !

English was hard, algebra was awful
Why is it that these are lawful ?

A brand new saying by a famous con
Is nyah-ah-ahhh— by Dishonest John.

Records this year were really great
As "Run To Him" can illustrate.

Another record deserves a prize
An all-time favorite—"Dreamy Eyes."

A fairy tale for every girl and fella
Is the fixed up mairy tale of "Cinderella."

A song that was loved far and near,
Was "The Wanderer" sung by Dion this year.

"Shout, Shout" we couldn't miss
But we like the version better by Penny and Sis.

Summer is here and winter is gone,
Through all kinds of weather, flag jackets are on.

Though summer sun and winter snow
Cheryl and Tim just seem to go.

Now that two years are rolling around
Julie and Bob are still to be found.

Long-lasting couples are really rare
But Nancy and Jim are another pair.

The President and Treasurer are going along,
It's Kris and Jody who can't go wrong.

While other pairs go their way
Mary and Denny just seem to stay.

The subject that kept most ninth graders griping
Was speed tests and booklets—all in typing.

"King of Kings" was a real great show
Others were favorites as we know.

Southerners certainly did clap
For Hayley Mills in "The Parent Trap."

"Lover Come Back" sure hit the spot
With Rock and Doris whom few can top.

When winter is here, marks are high
But when spring arrives, my-oh-my ! !

The school year's over and so is this
Until next fall remember

Elementary Activities

GRADE 6— MRS. BURNETT

Besides all of the excitement of this year, such as John Glenn's space flight and the world's supposed ending, we have acquired much knowledge about the United Nations, South America, China, U.S.S.R., India, and Pakistan. Most of our art was involved in this. We made many fascinating things.

GRADE 6— MISS CURTINDALE

We studied the British Isles and other countries of Europe, China, and India in social studies this year. We ended the year by studying Africa and South America. Our most successful science units were on automobiles and foods. We wrote stories, letters, and book reports.

GRADE 6— MRS. KALTENBACH

One of this year's highlights was our study of South America. We made two booklets, a relief map, and two large murals showing how South American people live. We also learned many Latin American songs and dances. At the end of the unit we gave a play for our parents.

GRADE 5— MRS. GREEN

We learned many interesting facts about the United States. We collected articles about each state and put them in note books. We watched Colonel Glenn as he orbited the earth. We were interested in outer space and constructed a constellation map.

GRADE 5— MISS BARMORE

We participated in many projects in science this year. Some of them were: the study of health and safety, stars, the eyes and teeth, formation of oil and coal, birds and trees. We spent some time on art projects for the P. T. A. and Junior Red Cross. The class made a trip to the Saginaw Museum.

GRADE 5— MISS DODGE

We made booklets and murals in connection with our study of Mexico. We also studied explorers, the Colonial Period, and the United States. We learned about trees, simple machines, static electricity, and astronomy. We financed a trip to the Longway Planetarium by selling popcorn. We did individualized arithmetic and reading.

GRADE 4— MISS MILLER

We studied many foreign countries including hot-wet lands, desert lands, and cold lands. For science we made Insect Books, learned about coal, and electricity. We had two lizards and a frog hibernate in our terrarium all winter. We had a "White Elephant" sale to earn money for the Red Cross.

GRADE 4— MISS MARCH

Fourth grade was fun this year. In Social Studies we studied the jungle, the desert, Eskimos, Norway, Switzerland, and Holland. This year we learned the sixes, sevens, eights, nines, and tens in multiplication; we also learned long division. We made hand puppets, too. For Christmas we made glass mosaics.

Grade 4— MRS. WURTZ

We studied many things this year. Our first social studies unit was Switzerland followed by the jungle, Norway, and the cold lands. Our science unit was on animals, physical and chemical changes, and a study of the earth. Our art work was correlated with social studies, science, holidays, and seasons.

GRADE 3— MISS TOOLE

The Wolder books, Mr. Guy's Paul Bunyan stories, art, dancing, and good reference materials have made our Social Studies interesting and fun. We learned cursive writing and did carrying and borrowing in arithmetic.

GRADE 3— MISS ATKINSON

We studied pioneers and we had a pioneer corner. In science we studied weather, rocks, and the human body. We also studied Indians. We made tom-toms and papooses We learned to write this year. We had fun in the third grade.

GRADE 3— MRT. BEDORE

We studied Indians, pioneers, and early Saginaw. Art, music, and stories made our units interestiug and exciting. We dramatized many of our reading stories. In arithmetic we learned to borrow and carry. We learned cursive writing.

GRADE 2—MRS. WALCH

Last fall we made a market. Later we had a bakery, and we learned a lot of arithmetic while buying and selling. We have taken trips to the Gase Baking Co., the C.&O. Freight yard and to the main Post Office. It has been an interesting year.

GRADE 2—MISS FOSTER

This year we worked to become better readers. We practiced on our expression and did a lot of phonics. We added larger numbers, and learned the fractional parts of circles and squares. We have enjoyed studying transportation, the desert, the ocean, and people who live far away.

GRADE 2— MISS AHRENS

We had a busy year. We studied about prehistoric animals and made dinosaurs out of clay. We learned about and visited the dairy. We also went to the Post Office and operated our own post office in our own room.

GRADE 2— MRS. LIGHT

Second grade has had a busy year. If you had visited us you would have seen a market with lots of pretty vegetables and fruits, a post office and a dairy bar. We visited the City Market and the Post Office. We did many science experiments and forecasted the weather.

GRADE 1— MRS. GODSEY

We have learned to read and write and to use numbers in interesting ways. We have cooked and baked, worked on a puppet show, written poems and songs, and had fun with rhythms. We planned a train ride to Bay City.

GRADE 1— MISS HATTERSLEY

These are the things we liked to do this year. We liked to sing songs, learn arithmetic, write stories, color pictures, read books, and give a puppet show. We learned about our homes, our community helpers, train transportation, and farms. We went to Bay City on a train.

GRADE 1— MISS SCHUCH

We have had a good first grade year. We learned to write letters to our friends. We liked to read from our books. It was fun to do our arithmetic. We made a hospital and a store. We made a chart stories about what we did. Rhythms and songs were fun, too.

KINDERGARTENS

Our kindergartens provided interesting, challenging, and stimulating atmospheres in which children grow, learn, and seek information. This year, as always, we estabished a basis for good patterns of work, study habits, and getting along with other people.
